Salary on appointment will normally be on the bottom point of the salary scale, with progression subject to regular review in line with the SFRS performance appraisal arrangements. A higher salary placing will be considered in exceptional circumstances subject to experience demonstrated.

Your salary will be paid monthly, directly into your bank account. Salaries are paid on the second last day of each calendar month unless this falls on the weekend, in which case it will be paid on the Friday.

PENSION

This post is pensionable.

His Majesty's Revenue & Customs have set limits on the tax relief on your pension. Where your pension entitlements increase and these exceed the tax relief limits set, you will have to pay tax on the excess. There are two thresholds to be aware of. One of which is known as the Annual Allowance (AA) which permits a maximum increase in the value of your pension in a given year. The other is the Lifetime Allowance (LTA) which limits the total value of your overall pension pot. If either of these thresholds is breached, this may lead to an increased tax liability.

Applicants seeking promotion should therefore recognise the potential for any substantial increase in pensionable pay to result in an additional tax liability.

The calculation of your pension pot is subject to a complex calculation that allows for factors specific to each employee to be taken into consideration. It is therefore not possible, or appropriate, for SFRS to issue you with advice on this. All applicants are advised to take the effects of the AA or the LTA into consideration when applying for promotion.

If you are concerned that you may exceed these limits if you are successful in applying for a promotion, it is strongly recommended that you seek independent financial advice in respect of the potential impact of this upon your personal financial position.

Advice on Pensions and Taxation can also be accessed through the following links:

ANNUAL LEAVE

The standard annual leave entitlement for full time employees is 28 days, rising to 34 days after 5 years continuous service. Additional leave will commence in the leave year following completion of 5 years' service.

PUBLIC HOLIDAYS

There are 6 fixed public holidays, designated by the SFRS for support staff.
